Re: Letter of Endorsement for City of Anita's Application for
I-Jobs II Disaster Prevention Grant Program Funding for the Construction of a Fire Station Building

Dear City of Anita:

I offer my endorsement and support to the City of Anita in pursuing funds for the construction of a new building for the Anita Volunteer Fire Department to house an ambulance as well as the Cass County Dive Team's equipment and trailer. The Fire Department is very fortunate to have access to these valuable pieces of equipment and respectfully houses them in their existing building. There are many times the fire station needs to be used as a temporary shelter in the event of a disaster, thus the construction of a new building would free up space as a holding center at the time of such disasters. I also endorse and support the City's application to the I-Jobs II Disaster Prevention Grant Program Funding in their efforts to secure grant assistance from the I-jobs program to help alleviate the overall cost to the City for disaster prevention improvements.

Regards,
